## Torres Strait Scientific Advisory Committee (TSSAC)

Please indicate the type of application you are submitting – an EOI in response to a call for research; or a full proposal in response to ARC/TSSAC advice that your initial application has been approved for further development:

**Expression of Interest** (Please complete Sections 1-4 inclusive)

**Full Research Proposal** (Please complete all sections)

**SECTION 3 – PROJECT DESCRIPTION**

**Background**

**Consultation** (*consultation with the relevant fisheries manager or senior manager when developing the application is highly recommended*)

**Objectives:**

**Needs:**

**Planned outcomes, benefits and extension** (see appendix 1 for detail of what is assessed when considering applications in the Torres Strait):

**Methods:**

### **Communication and Community Extension (*Compulsory category for TSSAC Applications*)**

(Describe the extension and communication activities planned for the project. End-users are often in the best position to decide the most appropriate outputs, so consider having them describe their output needs. Particular emphasis should be included on communication and extension strategies that are suitable for Traditional Owners and consider 'A Guide for Fisheries Researchers Working In the Torres Strait'<sup>2</sup>)

[Redacted]

### **Engagement of Aboriginal and Torres Strait Islanders (*Compulsory category for TSSAC***

**Applications**) (Describe how the project plans to engage Torres Strait Islanders/Prescribed Body Corporates in meaningful and appropriate ways. Include details on the level of engagement and, in particular if employment is included)

[Redacted]

## SECTION 4 - Schedule of Payments

As a general rule, up to 10% of the total project cost may be provided as an initial payment and a minimum of 30% of the total project cost must be left for the draft and/or final report.

<b>Milestones</b> <i>Details on each milestone must provide sufficient information to justify the milestone cost. The description field will describe the work to be completed for that milestone with the justification field elaborating further on the categories of cost - for example salary splits, details of travel.</i>	<b>Deliverable date (Please refer to instructions)</b>	<b>Schedule of AFMA payment(s) (excluding GST)</b>

## Special Conditions

If relevant, this field will be used to assist in contract preparation for any special conditions. Examples of special conditions may relate to IP, marine spatial closures (including access) or any other clauses not specifically contained in the contract.

Identify the appropriate Intellectual Property category applicable to this application. Choose ONE from below:

Code	Description
1	Published, widely disseminated and promoted, and/or training and extension provided. Relates mainly to outputs that will be available in the public domain
2	Published, widely disseminated and promoted, and/or training and extension provided. Related products and/or services developed. Relates mainly to outputs that will largely be available in the public domain, but components may be commercialised or intellectual property protected.
3	Published, widely disseminated and promoted, and/or training and extension provided. Related products and/or services developed. Relates mainly to outputs that may have significant components that are commercialised or intellectual property protected.

The following IP category applies to this application:

### Data management

I have searched for existing data ( refer to guidelines on how to search the Australian Spatial Data Directory and Oceans Portal:

[Yes / No]

Provide a brief description of the resulting data from the project and how this data will be stored for future protection and access:

Data management should include a description of the data to be produced by the research and show details on the following aspects:

Data security or privacy issues,  
applying to the data  
Nominated data custodian
