Dear Torres Strait Fish Receiver Licence holder,

**Notification of determination of the TAC Date for black teatfish for the 2024 fishing season**

I am writing to inform you that I, as a delegate of the Protected Zone Joint Authority (PZJA), under section 22 of the *Torres Strait Fisheries Act 1984*, have determined the total allowable catch date (**TAC Date**) for black teatfish in the Torres Strait Beche-de-mer Fishery (BDM Fishery) for the 2024 fishing season to be 2359 AEST (midnight) on 02 May 2024. This is based on my reasonable belief that the TAC will be reached on or about that time and date whilst avoiding the risk of an overcatch. I further determine that **Fish Receiver Licence holders must stop receiving black teatfish by 2359 AEST (midnight) on 02 May 2024.**

As at 2318 AEST on 01 May 2024, a total of 12.996 tonnes of black teatfish has been reported as being caught since the commencement of the black teatfish opening on 29 April 2024.

Please be aware that Torres Strait Beche-de-mer Fishery Traditional Inhabitant Boat (TIB) Licence holders will not be permitted to take black teatfish after the TAC Date, which I have determined to be 2359 AEST (midnight) on 02 May 2024 and must land all their black teatfish catches to a licenced Fish Receiver by 2359 AEST (midnight) on 02 May 2024.

If you require any further information regarding this matter, please do not hesitate to contact Natalie Couchman, Senior Management Officer, Torres Strait Fisheries, on 07 4069 1990 or by email at [FisheriesTI@afma.gov.au](mailto:FisheriesTI@afma.gov.au).

Yours sincerely

Anna Willock
