^ Under AFMA's Information Disclosure Policy, information on reported catch by species within the basket (not including curryfish species) cannot be provided at this time to protect the confidentiality of individual operators' data.

Reported catches are calculated based on catch reported through TDB02 Catch Disposal Records and does not include any unreported catches. All reported catch is converted to wet weight gutted using CSIRO recommended conversion factors. For details on conversion factors for each species please contact AFMA.

Reported Catch vs TAC
